SECTION A: INTRODUCTION

A-1 INTRODUCTORY STATEMENT

Connections Credit Union is a cooperative financial institution founded in 1937 to provide a source of low-cost credit and to encourage savings of its members by paying competitive dividends. The Credit Union is a democratic institution with each member holding one vote. The membership elects the Board of Directors who is charged with setting the policies and implementing these policies in the day-to-day operations of the Credit Union. The members are the foundation of Connections Credit Union. Without them there would be no Credit Union. This should always be remembered in your daily contact with the Credit Union's membership. Service to the members is the purpose of our employment and not an interruption of our work. Members are to be provided with the highest standard of fast, friendly, and efficient service.

A Credit Union is a special type of business. Its philosophy, purpose, objective, and legal limitations are different from other financial institutions. A Credit Union, nevertheless, has certain similarities with other businesses such as:

1. The Executive Management Team and staff must produce results.
2. The Executive Management Team and staff must make their Credit Union competitive with other Credit Unions and financial institutions.

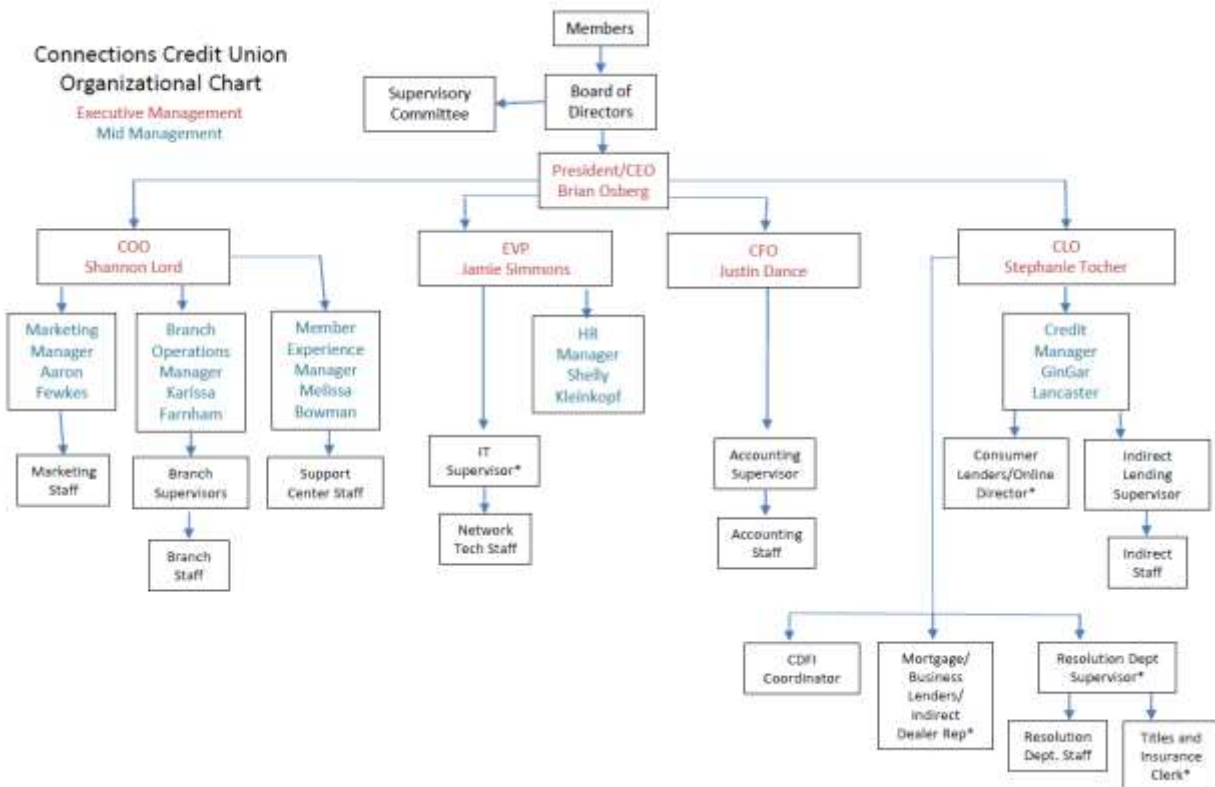

This handbook is designed to acquaint you with Connections Credit Union and provide you with information about working conditions, employee benefits, and some provisions affecting employment. The growth and success of a Credit Union depends greatly on the abilities of its Executive Management Team and staff. Highly qualified personnel and leaders are needed to build a Credit Union's stability, size, and service to its membership. To achieve that goal, this handbook has been carefully crafted. You must read, understand, and comply with all provisions of this handbook. It describes many of the responsibilities as an employee and outlines the programs developed by Connections Credit Union to benefit employees. One of our objectives is to provide a work environment that is conducive to both personal and professional growth.

Some provisions of this handbook may not be applicable to employees designated as exempt status according to federal and state wage and hour laws. Such provisions will be noted in the applicable sections. This handbook is intended for all employees except for as noted in specific sections.

No employee handbook can anticipate every circumstance or question. This handbook does not constitute a contract or guarantee of continued employment. As Connections Credit Union continues to grow, the need may arise and Connections Credit Union reserves the right to revise, supplement, or rescind any provisions or portion of the handbook from time to time as it deems appropriate, as its sole and absolute discretion. The only exception to any changes is our employment-at-will provision permitting you or Connections Credit Union to end our relationship for any reason at any time. Employees will be notified of such changes to the handbook as they occur.

It is the objective of Connections Credit Union to provide a competitive, consistent, and equitable salary administration program that will attract, motivate, reward, and retain competent and capable

individuals. The structure of the salaries and pay is comprised of a series of position and category levels. Salary and pay ranges are determined based on the duties, responsibilities, and experience of the position. They will generally be commensurate with rates paid in the community for similar work under similar conditions and similar experience.

The Executive Management Team is authorized to compensate each new employee within the salary range specified by his/her respective job classification. New employees may be reviewed for salary increases based on merit and progress at the end of their probationary period. Thereafter, salary increases for merit will be considered on a periodic basis at the discretion of the Executive Management Team.

D-2 WAGE & SALARY STATEMENT

Each employee will be furnished with a job description. The job description will have an associated grade attached to it. This grade will be the basis for determining the minimum, mid-point, and maximum wage or salary for that position. The pay ranges are furnished to the Credit Union by a national human resource firm that compares hundreds of similar positions. The Executive Management Team will have the discretion to adjust wages based on region, availability of new employees, and additional duties. When the pay day falls on a Sunday or a Monday that is a holiday, pay checks will be distributed on the following workday. When the pay day falls on Saturday the paycheck will be distributed on the Friday before. We offer paychecks to be directly deposited into the employee's financial account. Employees will be presented with a means of accessing a paystub online through the time management portal that gives a breakdown of all required deductions. W2s will be made available to all employees through the same time management portal.

*Full time calculation example: 80 hours worked x \$.069 per hour earned = 5.52 hours per pay period

**Part time calculation example: 40 hours worked x \$.046 per hour earned = 1.84 hours per pay period

**per hours earned rounded nearest quarter hour*

Employees that have met the probationary requirement will also accrue 8 hours of PTO in the month of their birthday. This PTO will be added to the employees overall PTO balance and can be used at any time.

Requesting PTO

PTO should be scheduled in advance to ensure that the Credit Union has the available staff needed to meet the daily business needs. Unscheduled absences will be monitored. Employees should only request time off around one (1) holiday so that all employees have the chance to schedule time off around holidays. If an employee was granted a holiday, he/she may not request the same holiday the following year, unless the holiday has not been requested by any other employee in their branch or department. The decision to grant a request will be based on business needs and staffing requirements.

Using PTO

PTO time must be reported in 15-minute increments. For example, if the employee is reporting use of PTO for four hours and twenty-five minutes, the employee will report 4.50 PTO hours used. All PTO accruals are to be used before time is taken without pay. Employees are not allowed to carry a negative balance. Any exceptions must be granted by the Executive Management Team. Employees will be required to use at least 50% of their prior year-end accrued PTO by the end of the current year. PTO hours that are required to be taken, but not, will be forfeited at the end of the current year. **All employees are required to take a minimum of five consecutive days of PTO each year.** Calculations for consecutive days may include holiday time and do not include weekends.

Unpaid Time

Connections Credit Union provides ample benefit time to cover for time off from work. This benefit time includes PTO, Flex time, holiday, bereavement leave, jury duty, as well as other approved leaves of absence. Employees are expected to save appropriate levels of PTO to accommodate absences. The HR department and supervisors will review an employee's absenteeism for excessive patterns and for an employee's failure to maintain appropriate accrual balances. Only two (2) instances/occurrences of unpaid time are allowed within a twelve-month rolling period before a corrective action may be issued. An instance/occurrence is defined as one (1) or more hours within a pay period. Time taken off more than the PTO accrued can result in progressive corrective action up to and including employment termination. Time cannot be taken unpaid to save benefit time. Only with supervisor approval and only on a limited case by case basis can an employee take time unpaid. Employee must complete the Unpaid Time off Request form. Employees cannot borrow against anticipated benefit time accruals. Periodically, employees may be allowed to "skip" a lunch or use overtime for time off work. This must be used in the same week of occurrence and limited to no more than 2 hours per month, unless approved by HR. All time off must be scheduled and approved by a supervisor.

Donating PTO

Employees can donate unused, accrued PTO to any employee. No limitation will be placed on the number of hours donated, if the time has been accrued and not yet used. Employees receiving and using donated PTO must first use their own accrued time. Donated time can only be used for illness or emergencies. Donated time cannot be accrued for future use and must be used in the same pay period it was donated. Any unused, donated time must be returned to the donating employee once the recipient is back at work. Confidentiality is suggested for the person donating the time, as well as the person receiving the time. Individuals wanting to donate time should contact the HR department. Donated time cannot be considered when calculating the five consecutive required days or the fulfillment of 50% of prior year end PTO.

E-2 FLEX TIME

Requesting/Using Flex

Flex time is a benefit that allows employees to schedule additional time off during the week for personal paid leave. Flex time must be requested no more than one week in advance to ensure that the Credit Union has the available staff needed to meet the daily business needs and potential staff schedule changes. Flex time is not a guaranteed approval from week to week and must be equitable for all employees. The expectation is for employees to work a full 40-hour week unless flex has been approved. In the event the branch is short-staffed, flex time may not be awarded and can be removed from prior approval.

The flex time benefit awards 2 hours per week and cannot be saved for future use. It is a “use it or lose it” benefit. Employees may take flex time on day/s and time/s of their choice. Employees must work a full 40-hour week to receive flex time and can be combined with PTO to complete the 40-hour work week. Flex time must be reported no less than 30-minute to 2-hour intervals. Employees are eligible for flex time once they have completed one semi-monthly pay period. All flex time will be monitored by the employees’ supervisor. Employees should be flexible with what day/s and time/s they schedule weekly. For example, if an employee was granted a Friday off for flex time, he/she may not want to request the following Friday off the following week, unless the time has not been requested by any other employee in their branch or department. In the event flex time off becomes disruptive to branch efficiencies and presents a challenge, the Branch Supervisor and EMT may remove the flex benefit for a single/specific branch for a temporary time determined by management. The decision to grant a request will be based on business needs and staffing requirements. This policy is subject to change, depending on evolving business needs and feedback.

E-3 HOLIDAYS

The following is a list of paid holidays observed by Connections Credit Union:

New Year’s Day	Columbus (Indigenous) Day
Martin Luther King Day	Veteran’s Day
President’s Day	Thanksgiving Day
Memorial Day	Christmas Eve (1/2 day)
Juneteenth	Christmas Day
Independence Day	Labor Day

Days with special hours are considered regular workdays. If an employee takes that day off a full 8 hours of PTO will be charged. Full-time employees will be paid their regular rate of pay for the observed holidays. Part-time employees will only be paid for the holiday if the holiday falls on a day he/she was regularly scheduled to work, and only for the hours scheduled for that day. The Credit union will follow the Federal Reserve observed holiday days.

E-4 HEALTH/DENTAL/VISION/LIFE INSURANCE

All full-time employees will receive paid health, dental, and vision insurance coverage after the 30-day waiting period is met. Coverage eligibility will begin on the 1st of the month following the waiting period

and is subject to provider restrictions. Family and dependent coverage is available at the employee's own expense.

A group insurance contract is negotiated each year; therefore, specific benefits, deductibles, and premiums may change from year to year. All employees may be required to pay a portion of the group health insurance premium, as determined by the Board of Directors. Any employee may decline insurance benefits by signing a waiver of coverage form.

Employees are not entitled to additional benefits or salary/wage payments by declining insurance coverage.

All full-time employees will be covered under a group life insurance policy equal to four times the employee's annual salary or wage, with a maximum coverage of \$100,000.00. This group benefit is considered a fringe benefit and eligible employees cannot opt-out.

All full-time employees are entitled to voluntary life insurance benefits. This voluntary life insurance benefit is available at the employee's expense.

No individual changes in allocation of benefits or deductions may be made outside of the open enrollment period each year except for new employees and employees with qualifying life event.

E-5 BENEFITS CONTINUATION (COBRA)

The Federal Consolidated Omnibus Budget Reconciliation Act (COBRA) gives employees and their qualified dependents the opportunity to continue health insurance coverage under Connections Credit Union's health plan when a "qualifying event" would normally result in the loss of eligibility. Some common qualifying events are resignation, termination of employment, reduction to part-time hours, employee death; a reduction in an employee's hours or a leave of absence; an employee's divorce; legal separation; or a dependent child no longer meeting eligibility requirements.

A written notice will be provided describing the rights granted under COBRA when the employee becomes eligible for coverage or loses coverage under Connection Credit Unions health insurance plan. The notice contains important information about the employee's rights and obligations.

E-6 SHORT/LONG TERM DISABILITY INSURANCE

All full-time employees are provided with salary continuance insurance by the Credit Union. This insurance provides for a continuation of income when an employee is unable to work due to sickness, pregnancy, or an accident. A 4-day waiting period will be in effect after the initial disability occurs. Currently, two-thirds of the employee's salary will be paid on disability claims. Employees who utilize short or long-term disability benefits, will have their daily pay reduced in an amount that is proportionate to the number of days paid to them by the insurance carrier. New employees must wait 30 days after employment to be eligible for this benefit.

Employees who have short-term disability and/or long-term disability may utilize these benefits should they become ill or injured outside the workplace. However, these benefits may not be utilized for illness or injury to dependents.

E-7 EMPLOYEE ASSISTANCE PROGRAM (EAP)

Connections Credit Union cares about the health and well-being of its employees and recognizes that a variety of personal problems can disrupt their personal and work lives. While many employees solve their problems either on their own or with the help of family and friends, sometimes employees need professional assistance and advice.

Through the Employee Assistance Program (EAP), Connections Credit Union provides confidential access to professional counseling services for help in confronting personal problems such as alcohol and other substance abuse, marital and family difficulties, financial or legal troubles, and emotional distress. The EAP is available to all benefited employees and their family members offering problem assessment, short-term counseling, and referral to appropriate community and private services.

E-8 FLEX/CAFETERIA PLAN

Connections Credit Union offers a FLEX plan that enables employees to deduct money from their paychecks (before taxes) to use towards medical and dependent care expenses. The employee will need to determine how much money they want to put in their cafeteria plan prior to January 1st. The amount will be divided and deducted evenly from each of the employee's paychecks throughout the year. If you do not use all of the FLEX/cafeteria funds by the end of the year, a certain amount can be rolled over to the following year based on the IRS limits. Work with the HR department to get the paperwork and set up the FLEX spending account. Re-enrollment occurs in December each year.

E-9 HEALTH AND WELLNESS REIMBURSEMENT

Connections Credit Union offers fitness reimbursements annually. Eligible employees must be actively employed at Connections Credit Union for 90 days. To qualify for the reimbursement the employee will need to supply the HR department with a one-time submission of receipt/s of one or more eligible pre-approved expenses not exceeding \$150. Amount subject to change at CCU discretion. Given these conditions are met annually and the documentation is provided to the Human Resources team, the employee will receive a one-time disbursement equal to their receipt/s in their account with the following payroll. E-11 EMPLOYEE INCENTIVES

Monthly incentives for eligible employees are included in the paycheck that is deposited on the 20th of the month. Supervisors and Executive Management will follow procedures for monthly submittal for payroll to process. Criteria and information about incentive programs for qualifying positions will be explained to each employee during orientation. To receive the monthly incentive, employees must be an active employee and have worked for at least half of the month for which the incentive would be paid out. An annual incentive is also available to eligible employees at the discretion of the Executive Management Team based on annual goals.

E-12 EMPLOYEE ANNIVERSARY AWARDS

Connections Credit Union recognizes the loyal service of our employees. The Executive Management Team, on a periodic basis, determines the service awards for the employees.

E-13 CLOTHING ALLOWANCE

An annual clothing allowance may be offered to eligible employees. The allowance amount will be set by the President/Executive Management Team. Strict adherence to this policy is key to the success and future issues of this program.

Eligible Employees: All full-time and part-time employees who have completed their probationary period will be eligible for the annual clothing allowance. Employees on probation due to disciplinary actions will not be offered the clothing allowance. If the probation is lifted during the same calendar year as the allowance offering, a prorated allowance will be offered for the remaining months of the year.

Acceptable Purchases: Currently, the clothing allowance only applies to tops that follow the professional dress code. This allowance is intended to assist employees in meeting or exceeding the professional dress code. Purchases are limited to employees only, not their family members or friends. Receipts for each purchase must be provided to the Marketing department.

To Claim Reimbursement: Contact a member of the Marketing department to get information about preferred vendors. The marketing team can also assist with drop off and pick up of items at the preferred vendor's place of business. Employees may also bring items already purchased and have the embroidery put on the clothing. Employees will not be eligible for reimbursement on clothing without receipts, although employees will be able to get free embroidery done on select clothing, they already own.

E-14 MILEAGE REIMBURSEMENT

At times employees may be required to use their personal vehicle for business purposes. The Company vehicle should be utilized first and foremost before employees own vehicle is used for business purposes. Reimbursement for the operating expenses of the vehicle will be calculated by multiplying the number of miles traveled by the currently approved State of Idaho's Standard Mileage Rate published by the State of Idaho. The costs of commuting (travel between home and the work site) will not be reimbursed.

All Connections Credit Union employees who use their vehicles for business purposes must have authorization from their supervisor and have current and adequate automobile/liability insurance coverage.

E-15 RETIREMENT BENEFIT PLAN

A 401(K) program has been established for all employees. Once the employee has met the requirement as defined by the 401(K) contract (currently a 90-day waiting period), the employee is eligible to enroll in the 401(K) retirement plan the first of the month following 90 days of active full-time and part-time employment. Employees can elect to contribute from their pay up to the legal limits. The Credit Union will match employee contributions using a formula established from time to time by the Board of Directors. An additional contribution may be made by the Credit Union if approved by the Board of Directors. Specific investment options and rules of the 401(K)-retirement program will be made available to the employee at the time of enrollment.

Employees can make changes to their investment elections at any time. Employees can make changes to their contribution election the first of every month following the 90-day waiting period. Please reach out to a member of the Human Resources team if you have any questions.

Retirement Package

A retirement package is offered to employees between the ages of 60-65 who have dedicated over 15 years to the success of the credit union. This package is a way to recognize their contributions to the credit union and give them an opportunity to retire early knowing they will have continued medical coverage for an extended period. Employees who want to take advantage of this retirement package are required to provide at least two weeks written notice to HR and the EMT prior to their retirement date. The retirement package would be mutually accepted by both CCU and the employee and a formal agreement signed by both parties.

SECTION F: LEAVE INFORMATION

F-1 WORKER'S COMPENSATION LEAVE

Employees who sustain work-related injuries are eligible for a leave of absence for the period of disability in accordance with all applicable laws covering occupational disabilities. Every effort will be made to provide light duty work immediately following the work-related injury as to avoid any time loss for the employee. The employee is responsible to provide all work-related restrictions as proposed by their attending physician after each worker's compensation exam. Workers' compensation wage loss benefits provide you with two-thirds of your regular gross wages as of the date of injury. In other words, the check you receive should be two-thirds of your regular take-home pay.

Subject to the terms, conditions, and limitations of the applicable plans, Connections Credit Union will continue to provide health insurance benefits for the full period of the approved workers' compensation leave. Benefit accruals, such as PTO (paid time off) benefits, will not accrue during the approved workers' compensation leave period. When workers' compensation ends, the employee will be reinstated to the same position, if it is available, or to an equivalent position for which the employee is qualified.

If the employee fails to return to work on the agreed upon return date, Connections Credit Union will assume that the employee has resigned.

F-2 FAMILY MEDICAL LEAVE ACT of 1993 (FMLA)

Connections Credit Union will follow all federal and state laws that pertain to the Family and Medical Leave Act of 1993 (FMLA). FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to eligible employees for certain family and medical reasons. - To care for a newborn child after the expiration of the physician's recovery period -within the first 12 months of birth.
- The placement of a child with the employee through adoption or foster care and to care for the child
- To care for the employee's spouse, child, or parent with a serious health condition
- A serious health condition makes the employee unable to perform one or more of the essential functions of his or her job.
- Military Family Leave - available to employees who are a spouse, child, parent or next of kin to a covered service member of the U.S. Armed Forces with a serious injury or illness needing care.

This injury/illness must have been incurred in the line of duty and rendered the service member medically unfit to perform the duties of his/her office, grade, rank, or rating.

F-3 LEAVE OF ABSENCE

To recognize the need of employees who require time off in addition to used PTO, Connections Credit Union may consider an unpaid personal leave of absence for up to a maximum of 12 weeks. Employees can use short term/long term disability insurance for paycheck protection to receive 2/3 of their pay (refer to Short/Long Term Disability section).

Eligibility

All regular employees employed by Connections Credit Union for a minimum of 30 days are eligible to apply for an unpaid personal leave of absence. Job performance, absenteeism, and departmental requirements all will be taken into consideration before a request is approved. Approvals of the immediate supervisor, and human resources are required. Requests for unpaid leave may be denied or granted by Connections Credit Union for any reason or no reason and are within the sole discretion of the company. Connections Credit Union reserves the right to terminate employment for any reason or no reason during the leave of absence.

A military leave of absence will be granted to employees who are absent from work because of service in the U.S. uniformed services in accordance with the Uniformed Services Employment and Reemployment Rights Act (USERRA). Advance notice of military service is required. Executive Management must approve military leave at least 15 days in advance and a copy of the employee's military orders must support such requests unless military necessity prevents such notice, or it is otherwise impossible or unreasonable.

Employees shall be entitled to a maximum of fifteen (15) calendar days leave in any one calendar year to participate in ordered and authorized field training under the National Defense Act.

Military leave shall not be charged to the employee's PTO or other benefits. The portion of any military leaves of absence more than 15 days will be charged to PTO or will be unpaid.

Employees returning from military leave will be placed in the position they would have attained had they remained continuously employed or a comparable one depending on the length of military service in accordance with USERRA. They will be treated as though they were continuously employed for purposes of determining benefits based on length of service.

F-5 JURY DUTY/COURT RELATED LEAVE

Employees subpoenaed for jury duty or other mandated court appearances not of a personal nature shall be granted leave with pay upon submission of a copy of the subpoena to the Executive Management Team or HR and to your Supervisor. We also encourage each employee to work with their supervisor to ensure that serving on a jury does not impact the workload of the branch while the employee is out. Paid Court Related Leave shall not apply in any situation where the employee is the plaintiff in any civil action.

In the situation where an employee is a defendant in a criminal action, if the employee is acquitted and only if such criminal prosecution is in relation to the employee's job duties will Connections Credit Union pay Court Related Leave. In all other such circumstances, the employee must utilize PTO prior to taking time off without pay.

F-6 BEREAVEMENT

All full-time employees will be granted up to three (3) days paid Bereavement Leave for the death of any member of the immediate family (wife/husband, domestic partner, child, spouse of child, parent/parent-in-law, grandparents, grandparents-in-law, brothers, sisters, step parent, step siblings, sibling/sibling-in-law). This leave shall be paid leave and not charged to the employee's PTO. If more than 3 days are required, the employee can use his/her PTO time or request an unpaid leave of absence. Should any application be denied, the reasons for the denial will be provided in writing to the applying employee.

SECTION G: EMPLOYEE CONDUCT & ETHICS

G-1 EMPLOYEE ETHICS

All employees shall conduct themselves in accordance with all policies of the Credit Union, including but not limited to the following code of conduct. Any failure to comply with any Connections Credit Union policy or the following code of conduct shall result in disciplinary action.

As a financial institution, Connections Credit Union is entrusted with the safekeeping and management of member funds and member information. Therefore, employment by the Credit Union entails a special degree of responsibility for proper conduct in both occupational and private life. Standards of conduct for employees are based on a recognition that the maintenance of high standards of honesty, integrity, impartiality, and ethical conduct by Credit Union employees is essential to ensure the proper performance of Credit Union business and the maintenance of confidence and respect of the members.

Accordingly, the following framework has been developed within which employees can pattern their behavior and performance:

- The Credit Union expects every employee to act, in every instance, according to the highest business and personal standards while conducting Credit Union business.
- Employees are expected to obey the letter and spirit of the laws that apply to Credit Union operations.
- Information acquired by an employee through employment with the Credit Union cannot be used by that employee for their own financial advantage or for that of a friend or relative. If an employee has any doubt about the morality or legality of an intended business action, the action should not be taken but rather, it should be reviewed with the employee's supervisor.

 - Give a warm and friendly greeting, using names when possible
 - Treat everyone with the highest standards of honesty and professionalism
 - Ensure the security of financial information- Confidentiality is top priority of the Credit Union

 - Show appreciation for being allowed to serve the members

Housekeeping

Connections Credit Union contracts with an outside service for general facility cleaning and maintenance. Employees are responsible for keeping their own work areas neat and clean and making sure sensitive information is securely stored. They are also responsible for maintaining and keeping the breakrooms clean when needed or required.

Workstation Expectations

Work areas should always be kept neat and orderly. Any damaged equipment should be reported immediately to your supervisor to ensure timely repairs and maintenance. Employees who fail to report damaged or missing equipment could be held responsible for replacement costs. Intentional damage to Connections Credit Union equipment would also be the responsibility of the employee. This could include, but is not limited to, food and beverage spills at the workstation.

Always lock your computer anytime it is left unattended. Even when leaving your desk for a short amount of time, your computer should be locked. This can be done by holding the windows key and pressing L on your keyboard. When employees leave for the day they are expected to completely sign out of their computer.

Employees at Connections Credit Union have many different usernames and passwords for all the systems and programs that we use. Passwords should never be written down or kept in visible areas. It is highly recommended that each employee set up a password-protected Excel spreadsheet to help keep track of all logins. Passwords should never be shared with anyone else.

Work Distractions

Employees are expected to have full attention on their job functions. Distractions lead to costly errors and a reduction in the service level our members expect.

Family/Friends

Members will always have priority when needing assistance in person or on the phone. When visiting with a family member or friend in person or on the phone, the employee should always be ready to assist members. Employees cannot be distracted by having family or friends near their workstations while assisting members. Employees are expected to make arrangements and for the care of their dependents or pets, and not be distracted by them while at work.

Occasionally, the need may arise for kids to be at work with a parent. The employee should make an effort to find someone to care for their child while they are at work. If, in the opinion of the supervisor, the family member is a distraction, the employee will be asked to either take the family member home or find another source of care.

Personal Property

Connections Credit Union is not responsible for the loss or theft of personal property that is brought onto any of our premises. It is advised not to bring any valuables into the branches. Employees should keep their belongings in the designated area of their workstation. Employees of Connections Credit Union have no expectation of privacy regarding items brought on the premises.

Corrective Action

Executive Management is responsible for directing the entire Credit Union staff including the right to hire, suspend, demote, promote, and discharge. Disciplinary procedures, other than dismissals, suspensions, or demotions shall be as follows.

Oral Warning

When grounds for corrective action exist, and the supervisor or Executive Management Team determines that more severe action is not immediately necessary, the supervisor or Executive Management Team member may orally communicate to the employee the deficiency or grounds for discipline. Documentation of the warning shall be placed in the personnel file kept by the HR department.

Written Warning

A supervisor or Executive Management Team member may give an employee a written warning. A written warning shall contain a short statement of the misconduct, inadequacies, or other grounds for discipline. The supervisor or Executive Management Team member shall discuss the problem(s) with the employee. At that time the employee shall acknowledge that he/she has been informed of the warning by placing his/her signature on the written warning, or by the supervisor making a notation on the written warning that the employee has refused to sign the warning. The employee, at that time, may respond to the written warning by completing the appropriate section contained within the written warning. The supervisor or Executive Management Team member shall sign a copy of the warning and one copy shall be given to the employee and a copy shall be placed in the employee's personnel file.

Dismissal, Suspension, and Discipline

Whenever Executive Management determines it is necessary to dismiss, suspend, or demote an employee, he/she shall notify the employee of the action being taken. In appropriate cases, the Executive Management Team may have cause to immediately suspend an employee and may do so prior to any investigation where an investigation is necessary to determine whether cause for discipline or termination exists. Such a suspension may be with or without pay, at the discretion of the Executive Management Team.

Appeals

It is the Board of Directors' desire to address grievances informally, and both supervisors and employees are expected to make every effort to resolve problems as they arise. However, it is recognized that there will be grievances which will be resolved only after a formal appeal and review in accordance with procedural manual. This grievance procedure, however, does not constitute a contract or guarantee of continued employment and it should be understood by both the employee and Connections Credit Union that the Credit Union may discipline any employee or terminate the employment relationship at any time and for any reason, whether or not it constitutes good cause.

G-2 EMPLOYMENT SEPARATION/RESIGNATION

Separation

Either Connections Credit Union or the employee may initiate separation. Connections Credit Union encourages employees to provide at least 2 weeks (10 business days) written notice prior to intended separation. The Executive Management Team has the authority to employ or separate all employees.

The Executive Management Team has the authority to discharge an employee from the employment of Connections Credit Union. As stated above, all employment at Connections Credit Union is "at-will." Connections Credit Union may make monetary deductions from the employees' final paycheck for property that is not returned under applicable laws and if authorized by the employee. This may include, but is not limited to keys/fobs, cell phones, re-keying building/drawers or computer equipment. Under the FLSA, employers can deduct the cost of unreturned company property from the wages of nonexempt employees, as long as this deduction does not cause the employee's pay to fall below the minimum wage or reduce any owed overtime wages.

1. Possession or use of alcoholic beverages or controlled substances on the job or reporting for work under the influence of either. G-5 DRUG AND ALCOHOL FREE WORKPLACE POLICY

Connections Credit Union is committed to maintaining the highest standards possible for the health and safety of our employees, members, clients, and the public at large. The use of or impairment by drugs and/or alcohol during work hours is contrary to these standards and will not be tolerated. The purpose of this alcohol and drug policy is to maintain the highest safety, health, and work performance standards possible, and to reduce work-related accidents, injuries, and damage, which may be caused by drug or alcohol use or impairment. This policy is also intended to ensure the maintenance of productivity, the quality of products and services, and the security of property.

The use of chewing tobacco products on credit union-owned property is prohibited.

G-7 FRAUD PREVENTION AND INVESTIGATION

The development and distribution of this management policy on fraud sets a “tone from the top” that dishonesty on the part of employees is totally unacceptable conduct and will not be tolerated. Employees are to be made aware of this attitude on the first day of employment and reviewed annually with employee appraisals and evaluations. This policy establishes responsibility for the deterrence, detection, and investigation of wrongdoing. Employees’ awareness of potential fraud will reduce the opportunity for blame shifting if embezzlement should arise. Specifically designating those responsible for the investigation of fraud decreases the probability that a situation will be compromised or mishandled. To reduce the opportunity for successful litigation from charges of discrimination, wrongful dismissal, and defamation of character, this policy will be adhered to each time embezzlement or fraudulent acts surface.

G-8 RESPECTFUL WORKPLACE POLICY

General Information

Connections Credit Union is committed to a work environment in which all individuals are treated with dignity and respect. Every employee has the right to work in a professional atmosphere promoting equal employment opportunities and prohibiting unlawful discriminatory practices, including harassment.

Equal Employment Opportunity

It is the policy of CCU to ensure equal employment opportunity for all individuals. Discrimination or harassment based on race, color, religion, sex, national origin, age, disability, marital status, citizenship, genetic information, pregnancy, military status, or any other characteristic protected by law is prohibited.

This policy may not be used as a basis for excluding and/or separating individuals by any protected characteristic from participating in business-related social activities or discussions to avoid allegations of harassment. The law and this policy prohibit disparate treatment based on any protected characteristic regarding terms, conditions, and/or privileges of employment.

Individuals and Conduct Covered

This policy applies to all employees of Connections Credit Union, including agency leadership, as well as individuals in contact with CCU employees (e.g., applicants, outside businesses, members, clients, consultants, contractors, customers, elected officials, etc.).

Prohibited conduct as outlined in this policy is unacceptable in the workplace and in any work-related setting outside of the workplace, including business-related meetings, trips, or events.

Connections Credit Union is committed to providing a work environment that is free from all forms of discrimination and conduct that can be considered harassing, coercive, or disruptive, including sexual harassment. Actions, words, jokes, or comments based on an individual's sex, race, color, national origin, age, religion, disability, or any other legally protected characteristic will not be tolerated. Connection Credit Union will provide and require ongoing sexual harassment training to ensure employees can work in an environment free of sexual and other unlawful harassment.

Definitions of Harassment

Harassment is a form of employment discrimination that violates Title VII of the Civil Rights Act of 1964, the Age Discrimination in Employment Act of 1967 (ADEA), and/or the Americans with Disabilities Act of 1990 (ADA).

The Equal Employment Opportunity Commission (EEOC) defines harassment as unwelcome conduct that is based on race, color, religion, sex (including pregnancy), national origin, age (40 or older), disability or genetic information. Harassment becomes unlawful where 1) enduring the offensive conduct becomes a condition of continued employment, or 2) the conduct is severe or pervasive enough to create a work environment that a reasonable person would consider intimidating, hostile, or abusive. Anti-discrimination laws also prohibit harassment against individuals in retaliation for filing a discrimination charge, testifying, or participating in any way in an investigation, proceeding, or lawsuit under these laws; or opposing employment practices that they reasonably believe discriminate against individuals, in violation of these laws.

Harassing conduct may include, but is not limited to, offensive jokes, slurs, epithets or name calling, physical assaults or threats, intimidation, ridicule or mockery, insults or put-downs, offensive objects or pictures (e.g., written or graphic material that is displayed on the employer's premises and/or circulated in the workplace during business or while using company equipment via email, phone, voicemail, text message, social networking media, etc.), and interference with work performance. Harassment includes "off-work" activities as well.

Harassment can occur in a variety of circumstances, including, but not limited to, the following: The harasser can be the victim's supervisor, a supervisor in another area, an agent of the employer, a co-worker, or a non-employee.

The victim does not have to be the person harassed but can be anyone affected by the offensive conduct.

Unlawful harassment may occur without economic injury to, or discharge of, the victim. Sexual harassment includes unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when, for example: (1) submission to such conduct is made either explicitly or implicitly a term or condition of employment; (2) submission to or rejection of such conduct is used as the basis for employment decisions; or (3) such conduct results in unreasonably interfering

with an individual's work performance or creates an intimidating, hostile, or offensive working environment.

Sexual harassment may involve individuals of the same or different gender. Example behaviors may include but are not limited to: unwanted sexual advances or requests for sexual favors; jokes and innuendo or verbal abuse of a sexual nature; commentary regarding an individual's body, sexual prowess or deficiencies; leering, whistling, or touching; insulting or obscene comments and gestures; display of sexually suggestive pictures or objects; and other visual, verbal, or physical conduct that is sexual in nature.

Respectful Workplace Defined

The examples outlined in this policy concerning sexual and other forms of workplace harassment, are illustrative of conduct that may constitute harassment, but are not an exhaustive list. Other acts may constitute harassment depending on the circumstances of the specific situation. A single incident may or may not constitute harassment but would require investigation of the facts, on a case-by-case basis.

Reporting Procedure

Individuals who believe they are subject to or have witnessed any of the types of prohibited conduct outlined in this policy should promptly advise the offender that his or her behavior is unwelcome and request that it be discontinued. Often, this will result in a quick resolution to the problem. CCU recognizes, however, that an individual may prefer to pursue the matter through a more formal process, and/or may be uncomfortable approaching the alleged harasser. Individuals who believe that they have been subject to, or have witnessed, conduct prohibited by this policy should discuss their concerns with an immediate supervisor, human resources, or a member of management. Employees have the right to file a complaint with the State of Idaho Human Rights Commission.

Connections Credit Union encourages prompt reporting of concerns so that action can be taken before relationships become irreparably strained. All complaints of harassment, discrimination, or retaliation must be investigated promptly. The investigation may involve individual interviews with the parties involved and/or those individuals who may have observed the alleged conduct or have another relevant knowledge. Employees are expected to fully cooperate with the individual(s) conducting the investigation.

Credit Union Responsibility

Any reported allegations of harassment, discrimination, or retaliation must be investigated promptly. Executive Management Team and/or designees are responsible for coordinating discussions with necessary CCU employees, human resources staff, and legal counsel as appropriate. Individuals responsible for conducting investigations are expected to disclose any conflicts of interest.

If it is determined that discrimination or harassment prohibited by this policy has occurred, management shall immediately act to reasonably ensure that the discrimination or harassment is stopped and does not reoccur.

Human Resources and the Executive Management Team must ensure that established problem-solving and due process procedures are followed in accordance with state statute, and Connections Credit Union, when applicable.

Retaliation Prohibited

Connections Credit Union encourages employees to promptly report all perceived incidents of discrimination or harassment. Anti-discrimination laws also prohibit harassment against individuals in retaliation for filing a discrimination charge, testifying, or participating in any way in an investigation, proceeding, or lawsuit; or opposing employment practices that they reasonably believe discriminate against individuals, in violation of these laws.

Retaliation against any individual who makes a good-faith complaint regarding discrimination or harassment, or who participates in the investigation of a related complaint, is expressly prohibited. Acts of retaliation should be reported immediately and must be investigated and addressed promptly.

Corrective Action

If it is determined that discrimination or harassment prohibited by this policy has occurred, management shall immediately act necessary to reasonably ensure that the discrimination or harassment is stopped and does not reoccur. Corrective action may include, but is not limited to, training, referral to counseling, and/or disciplinary action as appropriate based on the circumstances. Complaints of harassment, discrimination or retaliation not made in good faith may be the subject of appropriate disciplinary action.

Confidentiality

Connections Credit Union recognizes and respects an employee's right to privacy. An employee's complaint will remain confidential throughout the investigatory process to the extent consistent with allowing adequate investigation and appropriate corrective action.

Employees are also expected to maintain confidentiality during the investigative process to ensure a fair and unbiased investigation.

Training

All CCU employees must complete respectful workplace training regarding discrimination and harassment avoidance within 30-days of initial hire, and annually thereafter.

G-9 ATTENDANCE & PUNCTUALITY

To maintain a safe and productive work environment, Connections Credit Union expects employees to be reliable and to be punctual in reporting for scheduled work. Absenteeism and tardiness place a burden on other employees and on Connections Credit Union. In the rare instances when employees cannot avoid being late to work or are unable to work as scheduled, he/she is expected to notify his/her supervisor as soon as possible. Failure to notify a supervisor of tardiness or frequent tardiness may be cause for disciplinary action.

Absence from work without permission or without notice may lead to dismissal. If an employee cannot report to work due to weather conditions or vehicle breakdowns, the time absent will be charged to PTO. Time taken beyond the employee's accrued PTO shall be taken without pay (refer to the PTO policy).

If an employee is absent due to illness more than two separate times in one month, the supervisor may request documentation for the additional days absent. The documentation will include the nature of the

illness, the treatment plan, and treating physician's name. This will also apply to time taken for sick family members.

At the discretion of the supervisor, an employee out on sick leave for more than three consecutive days may be required to provide a doctor's statement. Situations requiring the statement include:

- Injury
- Surgery
- Extended serious illness
- Illness / injury affecting the ability to perform job functions
- Repeated illness / injury lasting more than three days
- Repeated family illness lasting more than three days.

Scheduling and normal day-to-day operations can become very difficult when employees have frequent absences due to illness, family illness, or personal reasons. Employees showing absentee trends in specific days or times of the month, or who are consistently absent multiple times in a month will be notified by their supervisor that their actions are disruptive to the operations and need to be dealt with. Continued abuse will lead to further disciplinary action or dismissal.

G-10 INCLEMENT WEATHER

From time to time unexpected events such as inclement weather may make it difficult to travel into work. Employees will be paid their normal wage if the Executive Management Team determines the weather/situation is too severe for the employee to travel. This time will not be used in the calculation for overtime. If the Executive Management Team feels like it is safe to come to work but the employee feels they cannot make it in, they will be charged PTO. Branch Supervisors need to inform Executive Management of emergency conditions. If a situation occurs where employees are required to evacuate the premise, they will be considered "on call" and must return to work within 30 minutes of reinstatement.

G-11 BODY ART/JEWELRY/ DRESS CODE/HYGIENE PROVISION

Body Art/Jewelry

Connections Credit Union expects all employees to exercise appropriate judgment regarding personal appearance, dress and grooming to be most effective in the performance of their workplace duties. The Credit Union recognizes that personal appearance is an important element of self-expression and strives not to control or dictate appropriate employee appearance. If management determines an employee's jewelry or tattoos may present such a conflict, the employee will be encouraged to identify appropriate options, such as removal of excess or offensive jewelry, covering of tattoos, transfer to an alternative position, or other reasonable means to resolve the conflict. All employees are representatives of Connections Credit Union and therefore personal appearance should:

- Present a professional or identifiable appearance for members and co-workers.
- Promote a positive working environment.
- Limit distractions caused by tattoos or body piercings.

- Ensure and promote safety while at work.

Prohibited Tattoos and Body Piercings

Some tattoos and body piercing are unacceptable for work at any time. The following list provides some examples, although it is not a complete list:

- No visible facial tattoos are allowed (excluding tattoos for natural looking cosmetic enhancements, such as eyebrows, lips, and eye liners).

- Any non-conforming piercing insert shall be removed, covered, or replaced with a clear insert.

If an employee has a question about how the tattoo and body piercing policy is applicable to them, the matter should be immediately raised with their supervisor for consideration and determination.

Hair, beards, and moustaches must be kept neat, clean, and controlled.

Personal Hygiene

Employees whose personal hygiene presents a problem or concern will be so advised by their immediate supervisor. Employees are expected to present a professional appearance during all business hours and after hour events. It will be the employee's responsibility to take appropriate action to correct the problem.

Hats and Head Covering

Hats are not appropriate in the office. Head covers that are required for religious purposes or to honor cultural tradition are allowed.

G-12 HYBRID WORK POLICY

Connections' Credit Union Hybrid Work Policy outlines our approach to flexible working arrangements for employees who work from a combination of office and remote locations, on either a temporary or

permanent basis. The goal of the policy is to balance the benefits of both in-office and remote work and ensure that all employees have clarity on work expectations, while promoting productivity, well-being, and collaboration.

This policy applies to all eligible employees of Connections Credit Union. “Eligible employees” are those whose work duties do not require reporting to a specific location unless already assigned. The feasibility of hybrid work is determined by job role, departmental requirements, and managerial discretion.

Policy Details:

- **Definition:** Hybrid work refers to a work arrangement where an employee divides their time working both from the office and remotely, per this policy and other agreed terms.
- **Eligibility:** Not all positions may be suited for hybrid work. Various operations and maintenance, security, and member-facing roles are examples of job duties that require work on-site. Eligibility for hybrid work is determined by job responsibilities, the nature of work, team dynamics, and the discretion of the Executive Management Team.
- **Schedule Flexibility:**
 - Employees working in a hybrid model may have in-office days and/or remote days which are scheduled and determined by consultation with their supervisor.
- **Workspace:**
 - Employees are responsible for setting up a remote work environment ensuring privacy, safety, and minimal disruptions.
 - The credit union will provide necessary equipment, tools, and resources to ensure employees can be efficient while working remotely. Some job roles may require specialized software or equipment not included on the list of equipment the credit union provides to all employees who work remotely part or full time; these needs should be discussed with the IT.
 - If an employee experiences technical issues that prevent working remotely, the employee should notify their supervisor immediately to ensure coverage of the work and to get support for the issue. Interruptions caused by internet outages may require the employee to work from the main office or an alternate location for the remainder of the day, or until the outage is fixed.
- **Communication:**
 - All employees must be reachable during their working hours via email, phone, or other credit union communication tools while working remotely.
 - Office attendance may be required for team meetings, one-on-ones, or department meetings. Employees will be notified as soon as possible in advance of any meeting where office attendance is required.
- **Performance Evaluation:** Performance expectations remain consistent regardless of the work location. Remote work will be subject to the same metrics and factors used to evaluate in-office work performance. Regular communication with supervisors will ensure alignment with the metrics and clarity about expectations for employees working remotely.
- **Security and Data Protection:**
 - Employees must ensure that all credit union data is kept secure by following the credit unions’ IT and data protection policies when working remotely.
 - Employees should use only credit union-approved tools for communication and collaboration.

- **Health & Well-being:** We encourage all employees to take regular breaks when working remotely, and to maintain separation between work and personal time with regular working hours, to ensure physical and mental well-being.
- **Review:** The hybrid work model will be reviewed periodically and evaluated against feedback from employees and supervisors to ensure its ongoing effectiveness.

This policy is subject to change, depending on evolving business needs and feedback.

G-13 BANK BRIBERY ACT

Employees of Connections Credit Union should not seek or receive, or even give the appearance of seeking or receiving, anything of value in exchange for any direct or indirect benefit which would compromise the integrity of the Credit Union. We are bound to comply with the Bank Bribery Act and expect each employee to become familiar with those requirements and guidelines.

Connections Credit Union recognizes that from time to time our members, vendors and partners wish to thank employees for their excellent service with a gift. Employees may graciously accept gifts of nominal value such as food products. Employees should check with their supervisor prior to accepting anything else.

If you have any questions or feel uncomfortable about a gift that was given by a member, please contact your direct supervisor.

G-14 COMMUNICATION/CULTURE POLICY

Information is distributed to employees by a variety of different methods including email notifications and required meetings. Employees are responsible for reading all communications as well as attending and actively participating in all meetings. Questions and discussions are always encouraged by everyone.

At Connections Credit Union, courtesy, tact, respect, and consideration with fellow co-workers and members of the Credit Union are expected.

Member Communication

Our desire is to respond to our members' needs and concerns in a timely and professional manner. Employees are expected to maintain a professional business-related relationship and boundary with Connections Credit Unions members, vendors, and partners.

Problem Resolution

We want to encourage open communication, feedback, and discussions about any matter of importance to any employee. We recognize that on occasion employees may have concerns, questions, problems, or perceived problems with various aspects of their job, working relationship(s), and/or work environment.

Timely discussion of a concern can frequently be resolved before it becomes a problem. Therefore, employees are encouraged to discuss any concern with their immediate supervisor when it first develops. This provides the supervisor an opportunity to become aware of the circumstances as seen by the employee and correct any misunderstanding there might be. However, if the supervisor and employee cannot resolve the matter, it will be referred by the supervisor to a member of the Executive Management Team.

Handling Differences

Differences of opinion should be handled privately and discreetly. Gossip and backbiting are to be avoided. Communicate directly with the person or persons involved to resolve differences.

Complaints and Grievances

Those things which will IMPROVE business or situations will always be welcomed when delivered with respect and tact. Employee complaints and grievances must be referred to the employee's immediate supervisor first. If the supervisor and employee cannot resolve the complaint or grievance, the matter will be referred by the supervisor to the Executive Management Team.

Work Atmosphere

Employees will strive to maintain a civil work atmosphere and refrain from shouting, yelling, using vulgarities, or swearing at co-workers or members. Connections Credit Union is a work environment free from disparaging remarks about religion, ethnicity, sexual preferences, appearance, and other non-work-related matters. Each employee has the responsibility to foster an understanding of others' differences to create an environment where those differences contribute to a better organization.

Open Door Policy

We encourage an environment of open communication. If something about your job is bothering you or if you have a question, concern, idea, or problem related to your work, please discuss it with your immediate supervisor as soon as possible. If for any reason you do not feel comfortable bringing the matter to your supervisor, feel free to raise the issue to the Human Resources department.

H-8 REMOTE ACCESS SECURITY

When necessary for a specific position or job, Connections Credit Union may issue a laptop to an authorized employee to be used for remote access to our network and/or software. While these risks are sometimes beyond our control we will train and encourage all employees to use precaution to mitigate these threats.

The purpose of this policy is to define rules and requirements for connecting to the network from a remote access laptop or device. The goal of Connections Credit Union is to minimize the potential of a breach in confidential information. This could include a loss of sensitive member information, confidential credit union data, damage to internal systems, or any other financial liabilities.

The employee agrees that no other individual will have use of such equipment. All equipment, records, and materials provided by Connections Credit Union will remain Connections Credit Union property. Connections Credit Union may request access to its equipment and materials if needed. The employee will also be responsible for safekeeping of records and materials while outside branch walls or secure locations. Any employee that is given a remote access device must sign an agreement outlining our policies and security procedures.

H-10 BUILDING SECURITY POLICY

Opening and Closing the Branches

The first person to arrive at the branch needs to do a survey of the property. He/she will check for anything suspicious activity before entering the building. If the building is deemed unsafe to enter or something does not feel right, the opener should inform his/her direct supervisor or a member of the Executive Management Team immediately and do not enter the building.

Access to Building

Employees that have completed their probationary period will be given a key to the building to allow access when coming to work, although there may be an instance where a Supervisor may have to provide a key before an employee's probation period is complete. Only select employees will have the alarm code. Employees are responsible for their own keys; they are not to be loaned to other employees. No duplicates of issued keys are to be made without authorization from the Executive Management Team. Loss or theft of keys should be reported to the Executive Management Team immediately. All keys must be returned upon termination or other request.

Employees are prohibited from sharing security codes with anyone. Should you forget your security code you must contact a member of the Executive Management Team.

Security is everyone's responsibility. Employees who notice or observe any suspicious signs of theft or potential breaking and entering are asked to report them immediately to the Executive Management Team.

Using Branches During Off Hours

If an employee stays late, arrives early, or utilizes the buildings to work on the weekends we want the employee to take precautionary measures to ensure that the building and their safety is not compromised. To use the building during off hours, Connections Credit Union will need to authorize users. We will require them to be familiar with the credit union's expectations.

Building Emergency Plan

Each branch is laid out differently and emergency plans for each building can be found in the employee breakroom. Please refer to additional Building Security in procedures handbook.

H-11 BRANCH SECURITY

Connections Credit Union is committed to ensuring that all employees work in a safe environment. Creating a safe work environment requires awareness towards injury prevention and cooperation in all safety matters by all employees.

Be alert

Pay attention to who is in the branch and know who belongs there. Become familiar with the faces of members and others that come into the branch frequently. Pay attention to people who behave suspiciously.

Greet People Immediately

Make a habit of greeting people as soon as they enter the branch. Ask them how you can help them. This technique will allow you to determine why the individual is there and will often deter or discourage potential crimes. Criminals typically do not like to be recognized or noticed and being alert will cause criminals from doing something that they can later be identified for. We want to encourage employees that cannot assist members right away to try and at least make eye contact with them. Acknowledgement of their presence is key.

Ensure adequate staff in branches

The most vulnerable times for things to happen in the branches are early in the morning, during lunch hour, or near the end of the day. It is important to have enough staff to provide proper surveillance.

There should always be at least 2 people in the branch when it is open for typical business hours. No one should ever be at the branch alone if it is open for business.

When closing a branch for the day there should be 2 people to ensure that the vault has been securely closed and locked, that the front door is closed and locked correctly, and that the building alarm system is set properly. For safety reasons, it is preferred that the 2 branch closers walk out to their cars together. This is especially important during the winter months when it gets dark before the branch closes. Please refer to additional Branch Security in procedures handbook.

SECTION I: COMMUNITY INVOLVEMENT

I-1 INTRODUCTION TO COMMUNITY INVOLVEMENT

Community Involvement Focus

Community Involvement is a key piece to Connections Credit Union's marketing strategy that is used to build brand awareness and to provide the opportunity to interact directly with the communities that we serve. This form of marketing is a more personal approach compared to traditional advertising channels such as radio, television, and print. With a highly competitive market, we must take advantage of the opportunities that fit our strengths. Our ability to build relationships with current and potential members is what sets us apart from our competition. We choose to focus our marketing efforts on participation and communication with the communities we serve through event opportunities.

We Want You

Each of us brings a different perspective on how Connections Credit Union can benefit our members. We are unique in that the staff members we meet at an event is the same staff member we will meet at the local branch. The ability to build strong relationships is what makes staff an invaluable part of the Connections Credit Union team and builds a strong foundation for the Credit Union to grow from. There are two ways that we want employees to be involved in the community. The Credit Union encourages participation through community events and through community service. The difference between the two and how Employees can be involved is outlined in a separate Procedures handbook.

SECTION J: CHANGES TO HANDBOOK AND PROCEDURES

J-1 OTHER POLICIES AND PROCEDURES

From time to time Connections Credit Union will establish department and company policies and procedures to be followed by employees. Any failure to honor and comply with such policies will be grounds for discipline, including dismissal. These policies can be found in a separate handbook and available through the HR department or the employee's direct supervisor. These may include but are not limited to our Bank Secrecy Act, Customer Identification Program, Identity Theft Protection Program, Incident Response Policy, or any other banking or specific position-related policies and procedures.

J-2 CHANGES IN POLICY

Any proposed changes to these policies will be submitted by Connections Credit Union's EXECUTIVE MANAGEMENT TEAM to the Board of Directors' personnel policy committee for review. After reviewing any comments or suggestions, which are submitted in writing, the proposed changes will then be voted on by the Board of Directors. After approval by the Board of Directors of any changes, the EXECUTIVE MANAGEMENT TEAM will then prepare a revised edition of these policies for distribution to all employees. All changes to this personnel policy will become effective on the first day of the month following the change date. All changes to this policy shall be posted in the Intranet. The employees will be required to sign a statement stating that they have received a copy of the changes and that they understand them. This statement will then be included in each employee's personnel file.
